Subject: Licence to Harvest Forest Products in the National Reserved Forest in Amphur Chaiburi, Surat Thani  
Province of the Subsidiary expiring on 9<sup>th</sup> May 2025

To: Directors and Manager

Stock Exchange of Thailand

The Subsidiary of United Palm Oil Industry Public Company Limited ( “the Company” ) had obtained the licence to harvest forest products in the National Reserved Forest located in Amphur Chaiburi, Surat Thani Province for 6,515 Rai with expiration date on 9<sup>th</sup> May 2025.

At present the Subsidiary was not granted the renewal of the licence to harvest forest products in the National Reserved Forest. Such licence therefore expired on 9<sup>th</sup> May 2025. The oil palm fruits harvested under the expiring licence accounted only 4% of total production throughput due to aging palm trees approximately 31-37 years whose yields have continually declined. The Company plans to buy oil palm fruits from outgrowers to mitigate a shortfall of oil palm fruits previously harvested from the licensed areas. This would result in a slight increase in cost of sales for 1.02% compared to 2024.

Nonetheless the Company's Management reviews and finds that such event has no significant affect to the Company's operation.

Yours faithfully,

Sanya Prasertsak

Managing Director
